

Bake Sale Guidance

For a charitable organization's bake sale, no permit is required as long as:

- The food is not time/temperature control for safety; and
- The consumer is informed by a clearly visible placard at the sales or service location that the food is prepared in a kitchen that is not subject to regulation and inspection by the regulatory authority.

It is recommended:

- Food items are individually wrapped to limit exposure/handling;
- The group keep a list of the people donating food, including what they donated and its ingredients, their name, address, and phone number for traceback, if needed.

• An example of the placard is included.
