**Wednesday, January 10 @ 1:00 p.m.**

**The Wrentham Fire Department will be at the Senior Center to talk with you about cooking safety in your home and to discuss the correct use of a fire blanket. Many of you had questions about fire blankets at our last meeting and the fire department would like to demonstrate the correct use of the blankets and when they should and should not be used.**

**Please call the Senior Center to register for this important discussion at 508-384-5425.**
